

Looking for juiciness and texture?

## Meatless® TFF P13

*(Textured Faba Flake | Protein content 13 %)*

The Textured Faba Flake has a light brown colour and flake size of 2–20 mm. With a protein content of 13.0 %, this product is stable at –18°C and in pH values between 5.5 to 7.0. This ingredient can be declared as textured fava bean flour. It will contribute to a positive impact on ingredient list due to nature of Faba sourced from European origin.

### CHARACTERISTICS

Light brown

Size  
2–20 mm

13.3 %  
protein

Frozen,  
Hypo-  
allergenic

### HOW TO USE

This product is designed to create a perfect bite. Ideal for hybrid, blended or mix meat products, with high plant protein content. It is also suitable for vegan products with a firm bite, due to the unique nature of the flake.
